

DOING IT OURSELVES...

A strategic action plan to double the local co-operative economy in Plymouth by 2025

Plymouth City Council welcomes co-operatives and has pledged to support new and existing co-operatives to develop and grow

People like us can own and run businesses

Share your ideas with us

Reward your people power

There are set principles that make a co-operative a fairer and better way of doing business

- **Membership** of people like customers, workers or the wider community
- Decisions are **democratic** so that members have a say
- Members **contribute** from buying, working in or investing in the business
- Support and concern for the **communities** that the business works and engages with
